The Committee of Ministers, under the terms of Article 46, paragraph 2, of the Convention for the Protection of Human Rights and Fundamental Freedoms, which provides that the Committee supervises the execution of final judgments of the European Court of Human Rights (hereinafter "the Convention" and "the Court"),

Having regard to the final judgments transmitted by the Court to the Committee in these cases and to the violations established on account of the length of the pre-trial detention and the lack of enforceable right to compensation in that respect (violations of Article 5);

Recalling the respondent State's obligation, under Article 46, paragraph 1, of the Convention, to abide by all final judgments in cases to which it has been a party and that this obligation entails, over and above the payment of any sums awarded by the Court, the adoption by the authorities of the respondent State, where required:

- of individual measures to put an end to violations established and erase their consequences so as to achieve as far as possible *restitutio in integrum*; and
- of general measures preventing similar violations;

Having invited the government of the respondent State to inform the Committee of the measures taken to comply with the above-mentioned obligation;

Having examined the action reports provided by the government indicating the individual measures adopted to execute the judgments including the information provided regarding the payment of the just satisfaction awarded by the Court (see documents DH-DD(2026)114; DH-DD(2026)200; DH-DD(2026)237);

Considering that the question of individual measures was resolved, given that the applicants are no longer held in detention on remand;
